

GREEN COUNTY EARLY CHILDHOOD EDUCATION AND CHILD CARE REPORT 2015

Child Care Supply: Regulated slots (each slot being space for one child) were used to identify the capacity and market share for each type of program or zip code in the county. The number of children receiving Wisconsin Shares child care subsidies is based on reports from the state's child care billing system for March 2015. The state has implemented a new voluntary rating program for child care programs called YoungStar – to view the definitions of each star level go to www.youngstar.wi.gov.

On the back of this page is data on family childcare rates, benefits and education from the 4-C March 2015 survey of childcare providers in Green County. More information is available on the 4-C website www.4-C.org.
