

# ROCK COUNTY EARLY CHILDHOOD EDUCATION AND CHILD CARE REPORT 2016

**Child Care Supply:** Regulated slots (each slot being a full time space for one child) were used to identify the capacity and market share for each type of program or zip code in the county. The number of children receiving Wisconsin Shares child care subsidies is based on reports from the state's child care billing system for April 2016. They are counted in their home zip code. 25 children on Shares subsidies are in care outside the county. The state has implemented a new voluntary rating program for child care programs called YoungStar; to view the definitions of each star level go to [www.YoungStar.wi.gov](http://www.YoungStar.wi.gov).

On the back of this page is data on family child care rates, benefits and education from the 4-C 2016 survey of child care providers in Rock County. The county continues to lose child care capacity but at a far lower rate and there was a small decrease in the number of children whose care is paid for by Wisconsin Shares. We have added enrollment data on public school programs serving children under age 5. Public school 4K funds 505 (-52 from 2015) children in private preschools.

Rock County Child Care Capacity April 2016				Change since 2015		Youngstar Child Care Ratings 2016
