Annual Report
Community Coordinated Child Care, Inc. (4-C)

2021

Striving to ensure that every child has access to high quality early care and education through integrated support and expertise
4-C has experienced many changes from 2021 into 2022. Our long-time Executive Director, Jody Bartnick, who took the lead in 2008 immediately following our devastating building fire, has shifted to a position at our partner agency, the United Way of Dane County. This brought a change in 4-C leadership in early 2022, when we welcomed Marlo Mielke-Barnes as our Interim, and then new Executive Director.

Concurrent with this came an announcement from the Department of Children and Families (DCF) that the YoungStar Quality Improvement and Rating System contract had been awarded to SHINE, ending our ten years of work with hundreds of amazing child care program participants.

While such a significant change in funding can be daunting for a non-profit like ours, Marlo and staff have pivoted quickly to seek new programming opportunities. Working closely with our Board of Directors and Strengthening Families Together Association (SFTA), 4-C has begun the process of adding more family, parent, and caregiver-centric services to our offerings.

See our Future Growth page for more information about new opportunities

4-C successfully delivered PPE to 84 programs in Columbia, Dodge, Grant, Green, Iowa, Jefferson, Lafayette, Rock, Sauk, and Walworth Counties.

4-C’s Resource Room Specialist participated as a community partner in an 8-week Child Care Business Boot Camp class for Green County providers. All participants received a goodie bag filled with children’s books, activity kits, and art materials donated from the 4-C Resource Room. The Resource van was used to deliver the goodie bags to 20 participants.

Future Growth

New Initiatives

4-C is providing Partner Up! services as part of Project Growth. This program helps businesses invest in their staff by sharing the cost of child care and facilitating enhanced referrals.

4-C was invited to offer Behavior Help Wisconsin services to Dane County child care programs challenged by the behavior of a child. Through this we engage in one-on-one coaching to promote positive interactions and reduce early childhood expulsions.

As part of our new commitment to becoming a combined CCR&R and FRC, 4-C has received support from the Child Abuse and Neglect Prevention Board. This funding will help us begin our investment in further parent, family, and caregiver services.

Through the partnership supported by 4-C’s Early Intervention Specialist, DAIS completed their first ASQ screening of a client staying in shelter. The client completed the ASQ and the results indicated the child needed support in the development of a few domains. This completed ASQ was an huge success after working with the staff at DAIS for over a year to implement developmental screening for their clients.

New Programming

4-C is excited to work with community partners to develop our agency into a combined Child Care Resource and Referral agency (CCR&R) and Family Resource Center (FRC)*. As a CCR&R, 4-C's focus has been on providing resources for child care providers, with limited offerings for parents and families.

By adding further FRC services to our existing programming, 4-C will be better able to meet the needs of all children, families, child care providers, parents, and caregivers in our community.

New Possibilities

- Parent Cafés
- Trainings for Parents & Caregivers
- Parent Advisory Council
- Book Studies for Parents
- Enhanced Child Care Referrals
- Positive Solutions for Parents
- Parent & Caregiver Support Groups
- Play and Learn
