

Meet Marlo

My name is
Marlo Mielke-Barnes and I am
honored to serve
as **the first African American
Executive Director**
in 4-C's 50+ year history.

Our agency has a rich history of **serving children, families, and child care providers** in Southern and South Central Wisconsin.

As we grow our reach and services, we have the opportunity to
use my perspective as a Woman of Color, a single mom, a
Madison East and Edgewood College graduate, someone who
earned a Masters' Degree in School Administration, a former
Family Child Care provider, and a former Child Care Director to
make a positive impact with the populations we serve.

I look forward to **collaborating** with and **advocating** for children,
families, and early childhood professionals to better meet their
individual needs and **grow our community.**

Marlo ♡
